## EQUIPMENT ATTACHMENTS

### CARTON CLAMP

### Damage-Free Made Possible.

White goods are among the most challenging cargo to handle, requiring specialized lift truck attachments for safe and efficient transport.

From washing machines and refrigerators to LCD displays and ovens, these high-value items are delicate and easily damaged during handling. With a long and complex supply chain, it's crucial to use the right equipment to ensure their safe delivery.

The **Easy-MOVE Bolzoni Auramo** home appliance and carton clamp system sets the standard for state-of-the-art handling. Designed for white goods manufacturers, logistics operators, and 3PLs, it guarantees damage-free forklift handling for all items packaged in cardboard boxes—protecting your cargo from start to finish.

**BOLZONI AURAMO** 

### Appliance Applications

#### TVs & Large Screens

Ensures safe and stable transport of fragile electronics like TVs and large displays.

#### Kitchen Appliances

Firm + gentle grip, preventing scratches and dents when lifting and transporting appliances.

#### Laundry Machines

Securely lifts laundry machines for damage-free handling without the need for pallets.

#### Other Large Appliances

Carton Clamp is perfect for refrigerators, furniture, and other oversized products.

### Easy-Move Intelligent System

#### Easy-FORCE-C (Force control System)

The Bolzoni Auramo **Easy-FORCE-C** clamping force control system is the ideal solution in the white goods applications and specifically for big logistic services handling several types of loads and volumes that require different clamping forces.

#### FAST & EASY ADJUSTABLE ATTACHMENT

Operators can quickly adjust clamp pressure with the on-board interface, reducing downtime and ensuring exact handling for each product.

The Easy-FORCE-C system enables the truck driver to easily select the clamping force according to the load category, type and configuration. Through a touch screen the driver selects the handling load and the pressure parameters, eliminating the delays found in other intelligent clamps.

### Compatible Equipment

#### 3-WHEEL SIT DOWNS

Tightest turning radius for a Sit Down truck

#### 4-WHEEL SIT DOWNS

Great choice for many MHE applications.

#### ELECTRIC TRUCKS

Best choice for most indoor applications

#### PROPANE TRUCKS

Best choice for most outdoor applications

#### HIGH CAPACITY TRUCKS

Best choice for very heavy and rugged outdoor applications

#### STAND UP TRUCKS

Great for dock to stock travel and easy exit and entry.

#### REACH TRUCKS

Best option for high and deep reach storage.

#### VNA TRUCKS

Best choice for most narrow aisle applications
