SLIP-SHEET PUSH-PULL

Efficient Handling & Maximum Durability

When it comes to seamless palletless handling, Cascade's Push/Pull attachments set the industry standard. Built for high-cycle slip sheet applications, these rugged, heavy-duty attachments ensure high productivity with low maintenance. Whether you're handling lightweight slip-sheeted goods or heavier products, the advanced hydraulic system delivers smooth, controlled operation for effortless load transfers.

Designed with versatility in mind, these attachments fit standard forklift carriage widths and feature adjustable fork spread, allowing for quick and precise load handling. With durable components like high-strength steel plating, urethane gripper bars, and precision-engineered hydraulics, the Cascade Push/Pull guarantees superior reliability, reduced maintenance, and minimal product damage.

Fits Many Applications

Warehousing & Logistics

Streamlines bulk handling of packaged goods on slip sheets, optimizing space and reducing waste.

Manufacturing & Packaging

Improves material handling efficiency for products such as paper, plastics, or electronics that are packed on slip sheets.

Food & Beverage Distribution

Efficiently moves palletless loads like cases of bottled drinks or bagged products, reducing packaging costs.

Retail & Consumer Goods

Helps transport large shipments of boxed goods without the need for traditional wooden pallets.

Compatible Equipment

3-WHEEL SIT DOWNS

Tightest turning radius for a Sit Down truck

4-WHEEL SIT DOWNS

Great choice for many MHE applications.

ELECTRIC TRUCKS

Best choice for most indoor applications

PROPANE TRUCKS

Best choice for most outdoor applications

HIGH CAPACITY TRUCKS

Best choice for very heavy and rugged outdoor applications

STAND UP TRUCKS

Great for dock to stock travel and easy exit and entry.

REACH TRUCKS

Best option for high and deep reach storage.

VNA TRUCKS

Best choice for most narrow aisle applications

Easy-Move Intelligent System

DURABLE YET FLEXIBLE

A Dedicated Push Pull enables you to handle, ship and store a wide variety of boxed, bagged, unboxed, cylindrical or rolled goods using slipsheets.

The results are lower pallet costs, reduced pallet handling labor and pallet returns, and higher payloads.

- More power delivered to the payload with two stronger cylinders.
- Easy installation features.
- Quick disconnect hooks.
