## REACH FORKS

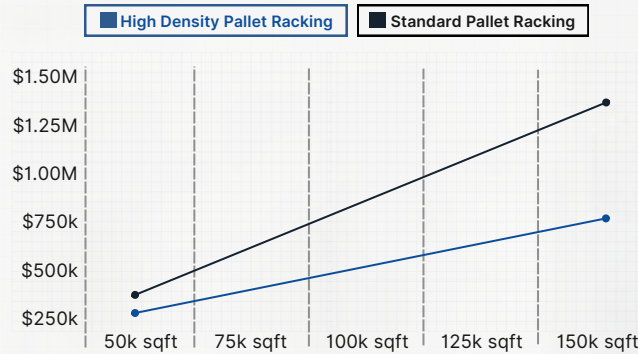

### Efficiency Meets High Density Storage

Increase the productivity of your lift trucks with Cascade-KOOI Hydraulic Reachforks® or Hydraulic Fork Extensions, designed to streamline material handling. These telescopic forks allow for one-sided loading and unloading of trailers, reducing handling time and improving warehouse efficiency.

Built for durability and performance, Cascade-KOOI Reachforks feature a reinforced heel design and specialized wiper ring, reducing maintenance needs and extending your equipment's lifespan. By upgrading to Reachforks, businesses can enhance efficiency, reduce equipment wear, and optimize storage space, making them an essential tool for high-performance operations.

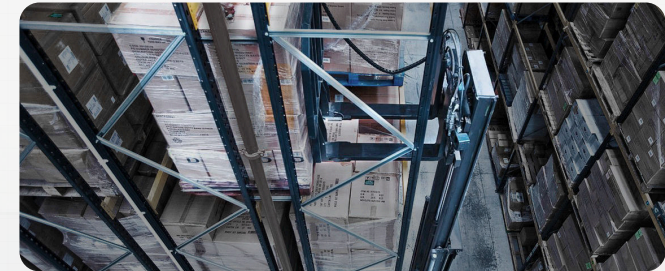

### Maximize Warehouse Efficiency

#### Higher Density = Lower Costs

With Reachforks, warehouse operations can take advantage of high-density racking and save up to 50% in labor and space cost annually.

### Reach Smarter. Move Faster.

#### LEVEL UP WITH CASCADE-KOOI HYDRAULIC REACHFORKS®

**Maximize Efficiency:** Load and unload trailers from one side, reducing handling time and increasing throughput.

**Seamless Compatibility:** Available in ISO ITA Class II, III, or IV, making installation quick and hassle-free.

**Smooth & Precise Operation:** Synchronized fork movement ensures controlled, damage-free handling.

### Compatible Equipment

#### 3-WHEEL SIT DOWNS

Tightest turning radius for a Sit Down truck

#### 4-WHEEL SIT DOWNS

Great choice for many MHE applications.

#### ELECTRIC TRUCKS

Best choice for most indoor applications

#### PROPANE TRUCKS

Best choice for most outdoor applications

#### HIGH CAPACITY TRUCKS

Best choice for very heavy and rugged outdoor applications

#### STAND UP TRUCKS

Great for dock to stock travel and easy exit and entry.

#### REACH TRUCKS

Best option for high and deep reach storage.

#### VNA TRUCKS

Best choice for most narrow aisle applications
