## MULTI PALLET HANDLER

### Accomplish More. Reduce Costs.

The Bolzoni Auramo **Multiple Pallet Handler** delivers unmatched versatility for industries that rely on heavy palletized load handling, including soft drink manufacturers, breweries, mineral water bottling plants, food industries, and brick production facilities. Engineered with your operational needs in mind, this highly customizable solution enhances load capacity, speeds up handling times, and prioritizes both safety and efficiency—helping you meet increasing demands with ease.

Designed for superior visibility at fork tips across and above the chassis, the Multiple Pallet Handler ensures fast, safe, and damage-free handling. Built with high-quality components and optimized features, it allows for quick and easy replacement of wear-prone parts, ultimately reducing service costs and maximizing uptime.
